

Home Learning for w/c 5th October 2020

This week we will be learning more about castles as well as different materials in science. The focus in genius hour will be on dinosaurs.

I hope you have a good week of learning and if you are at home completing this work, take care and we look forward to seeing you back in school soon.

Maths

	Monday	Tuesday	Wednesday	Thursday	Friday
Year 1 / 2 Complete spellings and practice counting in 2's.	Spelling test and handwriting practice before PE. Mental maths activities and practice writing numbers correctly	Can you count in 2's, 5's 10's and 3's Create a 100 square and colour in the multiples of 2, multiples of 5 and multiples of 10. Can you see a pattern	Practice number formation and recognising numbers. Can you give 1 more or 1 less than a number. Roll a dice and use this number to see how many ways you can make this number.	Order a range of numbers. Which is the greatest and which is the smallest The children can do this with items, lay out some lego bricks in different stacks – can they order the lego bricks from smallest to greatest.	Number bonds. Start with bonds to 5, 10, 20 , 50 and then 100. A free game is called hit the button on top marks and play a game to practice number bonds.

Phonics

Phonics Play is still free if you log in with the username of march20 and password of home you can access lots of resources. A great one is the speed test where you can practice different sounds to then blend for reading. Please start at phase 3.

As a class we have also enjoyed playing picnic on Pluto or Buried treasure; where you blend words.

English

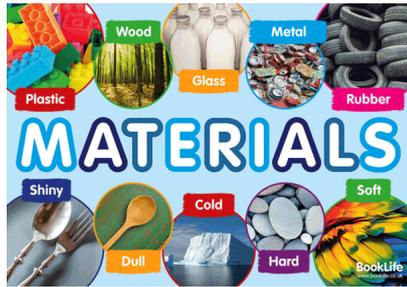

Monday	Tuesday	Wednesday	Thursday	Friday
<p>Spelling test and guided reading</p> <p>At home you could share a story and ask questions about the character and setting.</p>	<p>Year 1 – practice letter formation</p> <p>Year 2 – Look around your home and write fully punctuated sentences with a noun phrase.</p>	<p>Can you re order some simple sentences and re-write them.</p> <p>e.g</p> <p>cat was the brown</p> <p>shone the sun brightly</p> <p>This can alternatively be done verbally.</p>	<p>The boy in the story above is desperate to be a knight, what qualities do you think you need to be a knight?</p> <p>Can you create a job advert poster as the King of the Castle what might the poster say?</p> <p>Knights wanted!</p> <ul style="list-style-type: none"> • Brave • Able to ride • Can sword fight 	<p>What is a question? What words do questions start with?</p> <p>If you were to meet the King and Queen of the castle what questions might you ask? Can the children think of questions and use a question mark - these can be used for role play. You could make a crown and pretend to be the King or Queen.</p> 

Science

Following on from our work last week where we found out which material was the most absorbent; can we use this information in a further experiment?

Which material do we think would be best to make a paper boat?

If we used cardboard what could we do to make it more waterproof - would a wax crayon help?

Theme

Can you choose a castle and carry out some research about it. You could draw the castle and label the key parts. Find out who built the castle and when. Has it ever been invaded; If so by who and how?

PE

Can you try cosmic yoga and choose a subject that interests you. You could also try having a go at Andy's Wild Workout.

Art

Can you draw a castle? Have a look at a range of different castles to see what features they have. Alternatively, you could see what empty boxes you have and junk model a castle.

RE / PHSCE

This week we will start to think about harvest and the harvest festival. Why not have a look at the song called 'Harvest Samba'.

You could read the story about 'The Little Red Hen' or the 'Enormous Turnip'.

Harvest is a time to be thankful for all the land gives us. Can you think about all the things you feel thankful for? You could write an acrostic poem using 'harvest' as your word of choice.

Can you create an autumn scavenger hunt?
