

LO: I can multiply a 2 or 3-digit number by a 1-digit number using column multiplication

Activity:

Use the column method to answer the following chilli challenge questions (for guidance on this see the attached YouTube video).

Begin with **Mild**, if you find this easy move onto **Hot** and then **Flaming Hot**.

You need to complete at least 8 questions but if you can do more - that's even better! The more practise you get the better you will be at it.

Mild
