## Definitions:

The place where a river begins  
its journey

A small, fast flow of water

Where water tumbles over a  
shelf of hard rock

Where 2 rivers meet

A small river or stream that  
meets a larger river

A winding bend in the river

Where the river enters the sea

The last section of river before  
the sea

A high wall built across a river  
valley to hold back water

The store of water that is held back  
by a dam

The wearing away of soil and soft  
rock by a river on its journey
