

Subtraction to 15

Roll and Solve

Directions: Roll a die and solve a problem in that column.

Place a counter on the solved sum. The person who has most counters, wins the game.

					
$14 - 7$	$11 - 6$	$15 - 6$	$10 - 10$	$12 - 10$	$15 - 8$
$15 - 5$	$14 - 3$	$11 - 8$	$13 - 7$	$11 - 9$	$13 - 8$
$13 - 9$	$13 - 5$	$14 - 5$	$14 - 2$	$12 - 8$	$14 - 10$
$15 - 2$	$12 - 1$	$13 - 10$	$15 - 0$	$13 - 3$	$11 - 9$

Help Sam write a number sentence for the following.

$$\boxed{15} - \boxed{} = \boxed{}$$

$$\boxed{15} - \boxed{} = \boxed{}$$

$$\boxed{15} - \boxed{} = \boxed{}$$

Complete the 2 bar models below and then complete the number sentence.

$$14 - \underline{\hspace{2cm}} = 7$$

$$12 - \underline{\hspace{2cm}} = 3$$
