

## Chilli Challenge Class 1 Friday 8<sup>th</sup> January

Watch the teaching video about the fossils from the curiosity table. Can you talk to an adult about what you think the fossil could have been? Was it an animal or a plant? Can you draw the fossil? Maybe you have made your own using play dough or salt dough? Can you draw that? When you have finished your drawing can you label what it shows? Can you describe how the fossil might feel? Is it rough or smooth?

I would love to see what you come up with to add to the topic wall in school!!
