L.O: I am getting better at thinking about adjectives to use when thinking about positives and negatives about living in the city or the countryside.

Today in English we will be looking at the story 'Town Mouse and Country Mouse'.  
In this story both mice prefer where they live and are not keen about where the other lives.

I would like you to think about the arguments for and against living in the city.  
To do this I would like you to split your page in two, one side 'for' and one side 'against'. I would like you to list the ideas you have for each section.

**Example**

For	Against
<ul style="list-style-type: none"><li>• Lots of things to do, such as shopping or eating out.</li><li>• You are always close to the supermarkets or corner shops.</li><li>• You can meet new people.</li><li>• There is more reliable public transport.</li><li>• You won't need to rely on a car to get around.</li></ul>	<ul style="list-style-type: none"><li>• Loud</li><li>• Smoggy</li><li>• Cramped</li><li>• There are lots of people.</li><li>• Busy</li><li>• Expensive</li></ul>
