L.O: I am getting better at using persuasive language.

Today in English we will be following on from the work we did yesterday.

I would like you to think about the positive and negative list you made yesterday about living in the city.

Do you think it is better to live in the country or the city?

I would like you to try and persuade someone to live where you have chosen. If you have chosen to live in the city, I would like you to try and convince me to live there. If you have chosen to live in the countryside, I would like you to try and convince me to live there.

To be able to do this, we need to think about how we write persuasively.

Can you come up with persuasive words to help you?

Once you have thought about your persuasive words, I would like you to write down your persuasive argument. Don't forget about using the correct spelling and punctuation in your writing.

Example

Persuasive words:

- Beautiful
- Bustling
- Nice
- Fun
- Exciting
- Modern
- Historic
- Lively
- Alive

Living in the city of York is never boring. It is a beautiful place full of historic places, such as the city walls, old buildings, the Minster and festivals celebrating the history. There are a lot of lovely restaurants to expand your pallet. You will never have a moment where there is not anything exciting to do!

Have I persuaded you to live in the city?
