

## Class 1 Maths

Thursday 11<sup>th</sup> February 2021

**Warm up activity:** practise counting in two's. Can you count all the way to 20? Use the counting song to help you if you are stuck.

### Learning activity

Today we are looking at measuring the height of an object using blocks. Look at the powerpoint and talk through how the sunflower has grown using the language of taller and shorter. Can you compare how tall it is at the start with the end? What do you notice about the number of blocks as the sunflower grows?

### **Challenge:**

Can you find some items in your house to measure using blocks? Can you compare them using the language of taller and shorter?
