

## Class 1 Theme challenge

Thursday 24<sup>th</sup> February 2021

After watching Miss Pearce's video about the baby dinosaur, why not try one of these challenges?

- Could you draw your own baby diplodocus? What colour would it be? Don't forget to include the long neck. Perhaps you could add labels to your dinosaur or give it a name?
- Could you have a go at making your own baby dinosaur? You could use Lego, Duplo, bricks or junk model it. Please take a photo and share on the class dojo.
- Draw a map of where your dinosaur might live. Is it an island, in the mountains or in the jungle? Add lots of colour to your map and label the features.

I would love to see what you get up to. You may have your own ideas too!!
