LO: I am getting better at writing about one day from half term.

Remember when writing about something from half term this could be anything from a dog walk you enjoyed; to playing in the garden or maybe playing a board game.

Key things to remember to include in your writing:

Who – who was with you?

When – when did this take place?

Where - Where were you?

Why – Why did you decide to do this?

What - What were you doing?

Focus on keeping your writing neat and remember those finger spaces. I would like to see noun phrases and a range of punctuation such as exclamation marks.

As this piece of writing is telling the reader about something that has already happened; it needs to be written in the past tense. Don't forget to include a picture!
