LO: I am getting better at creating my own dinosaur.

Max in our story of 'Dear Dinosaur' gave himself the dinosaur name of 'Maxosaurus Rex' I wonder if you can turn your name into a dinosaur? Can you draw or make the dinosaur and then tell me some facts about yourself? What colour would you be? What do you eat? How big are you? How strong is your bite? Use your knowledge of dinosaurs and use some of these facts.

My name is 'Mrs Jordanosaurus'. I am a very friendly dinosaur and am green in colour. I am green because I like to live in the tall and luscious trees and as I am not very big this helps me to camouflage myself from other fierce dinosaurs. I am not very fierce; but my orange plates help me to protect myself. I like a nice quiet and calm environment and when it gets too noisy I can get a little scary.

I look forward to seeing your dinosaurs and reading all about them!
