

The Great Fire of London

LO: I can understand what happened in the 'Great Fire of London' and I know when it happened and where it started.

Today we will read all about the story of the Great Fire of London and find out when it happened and how it started. How do we know so much about the fire when it happened in 1666?

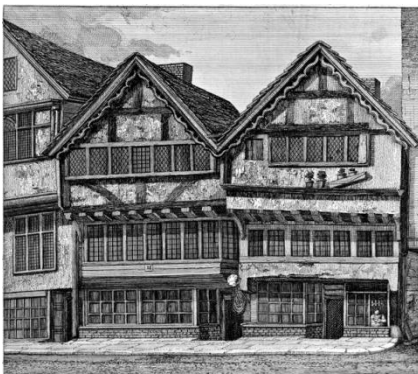

Think about the houses at this time in London, what were they made from? What were the roads like? How do they differ to the roads today?

Activity

Can you make your own tudor house, just like the ones above or draw a picture. Be as creative as possible; why not use collage.

You could make a tudor house using a shoe box or any box that you might have at home .

I look forward to seeing your pictures and we will print these and add them to the display in the classroom.
