

## Class 1 Maths

Friday 5<sup>th</sup> March 2021

We are continuing with learning about making 10. Start with sharing Numberblocks video Blast Off!

<https://www.bbc.co.uk/iplayer/episode/b08q3zx7/numberblocks-series-2-blast-off>

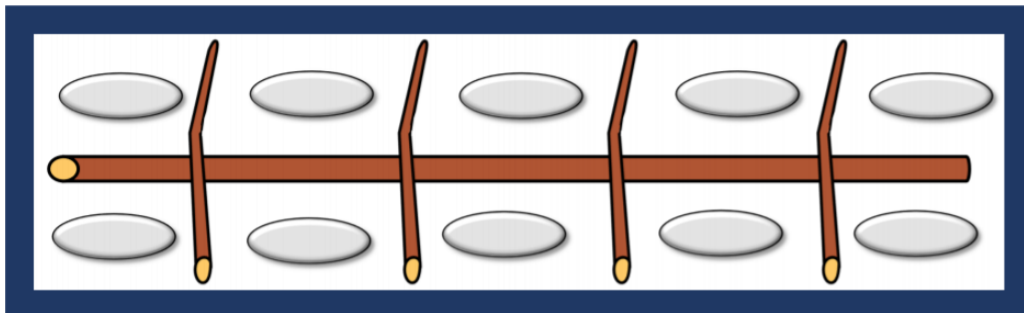

### Learning activity

We have been using tens frames to help us explore different ways of making 10. As it's the last day of homeschooling, why not try and do some maths outside and make a giant tens frame? Fill it with things from your garden and as you do so, talk about how many you have and how many more you need to make 10.

Ask a helper to hide 10 objects.

Make a giant ten frame on the floor.

You could use sticks, masking tape or even chalk outside.

Go on a hunt to find the objects.

As you find the objects, put them in your ten frame.

How many have you found so far?

How many more do you need to find?
