

Tuesday Afternoon 2-11-21

Art

This afternoon, Mr Smith has been doing some fantastic firework pictures in art club and I would love you to have a go.

If you have pastels and black paper then you will have a great start. If not, then crayons or pencil crayons would still give a great effect.

Have a look at the pictures sheet for inspiration – notice that the pictures show fireworks going off near to water, the effect of the reflection is brilliant.

Below, there are also some examples of what the children created in art club for you to admire – I wonder if you can guess which picture was done by a year 1!?
